

IEEE-IAS INDUSTRY APPLICATIONS SOCIETY (BALTIMORE)

MEETING

The Institute of Electrical and Electronic Engineers - Industry Applications Society are pleased to announce the upcoming Dinner Meeting. Information regarding the meeting is as follows:

Date: Wednesday, May 18th 2022

Time: 6:00 – 10:00 Meet and Greet

Topic: Endemic Networking Event

Description –The board of the IEEE/IAS Baltimore hopes that this message finds you healthy and getting back to a normal life after the past few difficult years.

As you know, we have had to curtail our normal activities out of necessity. The board has made every effort to meet and do our best to plan for a return to normal. Our efforts are focused on providing annual book scholarships for high school graduates and entry level college students that aspire to specialize in electrical engineering. This is still the focus moving forward.

We are now at the end of our normal meeting schedule for 2022. The May meeting is normally a non-technical, get ready for summer event.

We have reached a consensus to explore venues that are geographically neutral to our base, with the idea of having a “Connect with everyone, meet and greet and get back to normal event”.

Options include a get together for a minimal cost at Heavy Sea’s in Halethorpe on Wednesday May 18 which would include the reserved space, a pair of tickets for tasting local products and our normal comradery as well as a food truck scenario for dinner at your own discretion and expense.

Cost: \$25.00 (Members / Non-Members Paid-in-Advance)

Reservation Deadline: 5/14/2022
