

IEEE-IAS INDUSTRY APPLICATIONS SOCIETY (BALTIMORE)

MEETING

The Institute of Electrical and Electronic Engineers - Industry Applications Society are pleased to announce the upcoming Dinner Meeting.

Date: **Wednesday, November 15, 2023**

Time: 6:00 – 7:00 Social Hour / Open Bar
7:00 – 8:00 Dinner
8:00 – 9:00 Program
9:00 – 9:30 Follow-up / Social

Topic: **BGE Reliability Programs**

Description:

BGE will discuss Reliability and Resiliency, how it pertains to the BGE electric distribution system and how they impact the customer experience. BGE will explain how present actions to reconfigure and selectively underground the system are already providing Reliability and Resiliency benefits that could be scaled up for larger impacts in the future. BGE will share some recent study work assessing the threats to future system resilience and opportunities for improvements. BGE will also explain how adopting new technologies, such as Motor Operated Switchgear and Smart CableGuard^(R) are offering new capabilities for automatic system reconfiguration and proactive cable insulation monitoring.

Speaker Bio's:

Joe Hart is a Senior Engineer in Baltimore Gas & Electric's Reliability Planning group. With 9 years of experience in the electric utility industry, he has spent time working on both the consulting and utility sides, specializing in engineering and design work to improve the electric system's performance. He has worked with multiple utilities in the mid-Atlantic and northeast regions focusing on hardening of existing infrastructure, engineering designs for new technology installs to assist in automating the electric system, and completing studies to decrease customer interruption frequency and future Distribution Automation (DA) work plans.

Cost:

\$55.00 (Members Paid-in-Advance)

\$60.00 (Non-members Paid-in-Advance / Members Paid-at-Door)

\$60.00 (Non-members Paid-at-Door)
